

Title: Berth 3E - Dive Operations
Port: Port of Devonport
Description: Berth Pocket Survey Works (Diving)
Duration: From 28/07/2026 To 29/07/2026

Services Provided:

Tasmanian Divers Group (**TDG**) will be undertaking dive works for Hazell Brady Joint Venture (**HBJV**). HBJV will be conducting an underwater survey of the berth pocket for Berth 3. The work will involve the use of a Survey Boat and divers to guide survey equipment underwater. Works will be undertaken between 0700 to 1800hrs.

Berth 3 East Work Area

All vessels are to remain outside the work area and construction boundary except for vessels required to utilise the swing basin or arriving/departing from Berth 2E. Such vessels must obtain approval from **DEVONPORT VTS** prior to arrival and departure.

Dive Operation Controls:

Divers must display the International Code of Signal Flag “Alpha” in the dive location when diving is underway.

Dive Supervisor must call **DEVONPORT VTS** on VHF 14 or 6380 3013 prior to the diver entering, and after leaving the water, and to confirm the end of each day’s dive operations.

For scheduled arrival shipping movements to all berths, divers are to be out of water at Pilot On Board (POB) time.

For scheduled departure shipping movements divers are to be out of water 30 mins prior to scheduled Last Line on vessel departures from all berths, with the exception of Berth 2 East where diver will be out of the water at least 45 mins prior to any scheduled departure from the berth.

The dive crew are to maintain a listening watch on VHF 14 whilst dive operations are underway.

Port Operation Controls:

All port vessels are requested to maintain a low wash in the vicinity of the works area, and to keep a safe distance away (50 m minimum) from the dive location during the hours of operation.

Upon request **DEVONPORT VTS** will be able to advise of any expected vessel movements likely to affect the HBJV operation.

All vessels are to keep **DEVONPORT VTS** updated of any changes to their scheduled departure times, especially if the vessel wishes to depart ahead of schedule.

In event of emergency initial contacts are:

TasPorts Marine Emergency	VTS - VHF channel 16/ 14, or 6380 3013
Contractor 1 st contact	Alex Caie (TDG) 0418 569 577
