

Title: Burnie Berth 5 – Concrete Reinforcement Scanning

Port: Port of Burnie

Duration: Works Commencing: **Wednesday 26th March 2025**
 Works Completion: **Friday 28th March 2025**
 Duration: 3 days

Description:

SICC will be undertaking concrete reinforcement scanning at Burnie Berth 5 from contractor workboat.

Contractors are to contact **Burnie VTS** on VHF ch 14:

- Prior to commencement of each day's work, and
- On completion of each day's work.

BURNIE VTS are to advise of any expected vessel movements likely to affect concrete scanning works.

Contractor works crew/s are to maintain a listening watch on VHF 14 at all times whilst working alongside the wharf.

No works are to be undertaken:

- alongside a vessel on a wharf, or within 40m of the vessel;
- within 30 minutes of the intended movement of a vessel on an adjacent wharf;
- or as advised by TasPorts Operations, or Burnie VTS.

Mariners are advised to keep well clear, proceed at a slow speed (< 5 kts) when passing within 60m of a marine facility, and to minimise wash.

In event of emergency, initial contacts:

TasPorts Marine Emergency	VTS - VHF channel 14, or 03 6380 3013
TasPorts Supervisor	Josh Whiteley 0408 728 819
Contractor Supervisor	Simon Howard 0467 358 054
