

HARBOUR MASTERS INSTRUCTION

EXT HMI 22-34

Title: Berth Works, 5 West RORO ramp fender installation

Port: Port of Devonport

Date: Tuesday, 21st June 2022, 04:30 – 12:00

Description:

Works will be undertaken for the installation of a breasting fender assembly at Devonport Berth 5 West RORO berth. The works will be undertaken by a shoreside crane assisted by drum barge and work boat.

The Works will commence approx. 04:30, and are expected to be completed by 12:00.

VTS is to be advised on VHF Ch14 prior to the start of the works, and on completion.

VTS are to advise scheduled shipping on VHF Ch 14 of the work activity and the requirement to reduce wash to a minimum.

Mariner's are advised to keep well clear, and reduce wash to a minimum.
