
Title:	Pile Installation Edge Shipping Basin
Port:	Devonport
References:	
Description:	Install pile near N13S red navigation marker
Duration:	Mon 27 November 2023 to Wed 28 February 2024

Description:

Hazell Brady Joint Venture (HBJV) will install a steel pile 11.5m SW of the exiting N13S red navigation marker on the southern end of the swing basin in location 41°11'07.9"S, 146°21'58.4"E. The pile will have a flashing yellow light (Fl.Y.5s).

The pile will be installed by the *Rebecca Lily* Construction Barge with the assistance of the tug *Leaders Creek* between 27- 30 November 2023.

During installation the barge will be partially inside the shipping basin from time-to-time as detailed in Figure 1.

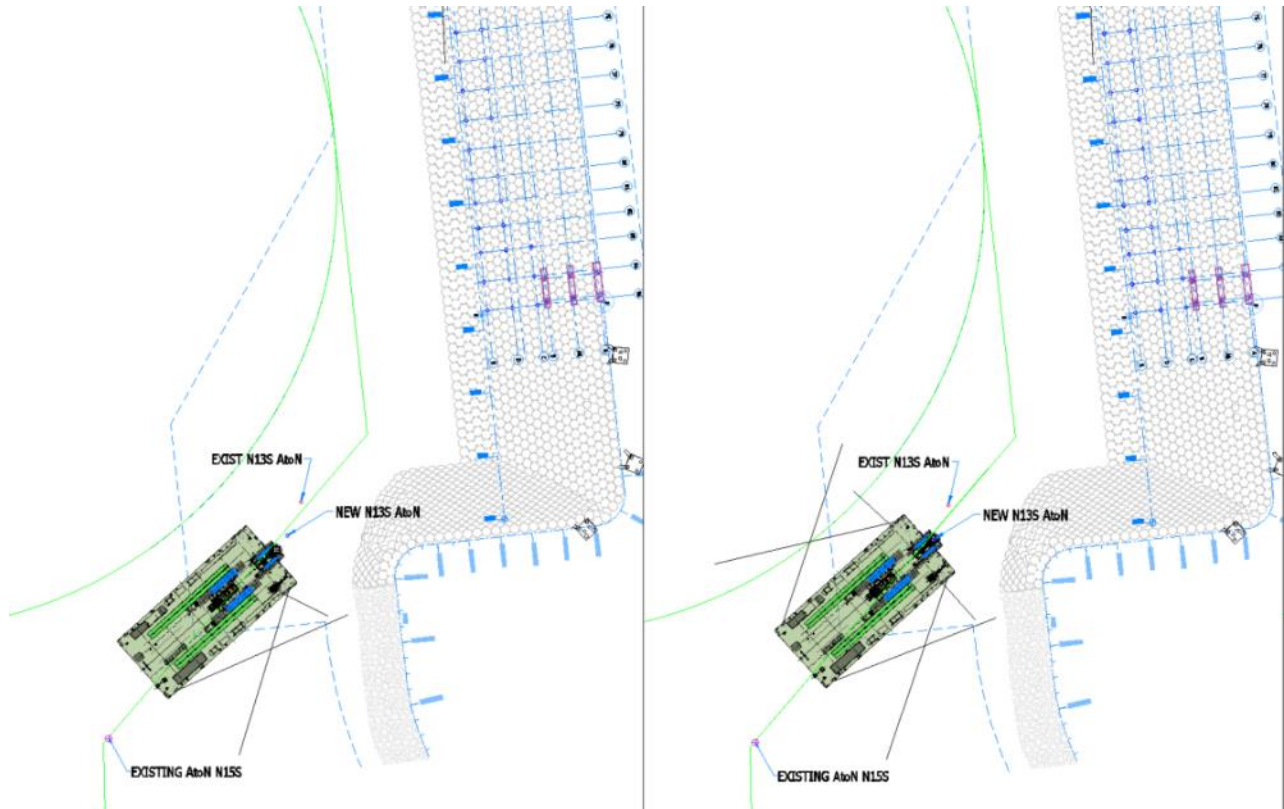

Figure 1 General Barge Position & Anchor Layout During AtoN Installation

During the works the *Rebecca Lily* anchors and steel wire anchor cables will be temporarily deployed into the swing basin at times between scheduled shipping movements. The anchors are identified by yellow can buoys and yellow flashing lights.

Following completion of the works the *Rebecca Lily* Construction Barge will return to its current location as per HMI 23-17.

Port Operation Controls:

All port vessels are advised to maintain a low wash in the vicinity construction works area and keep a safe distance away from anchor buoys, mooring lines and construction vessels.

VTS will be able to advise upon request of any expected vessel movements likely to affect the HBJV operation.

All vessels are to keep VTS updated of any changes to their scheduled departure times specifically if the vessel wishes to depart ahead of schedule.

Larger HBJV marine craft are fitted with AIS and will maintain a listening watch on VHF 14 when operational.

In event of emergency initial contacts are:
