**Title:** Macquarie Point Berth 2/3 – Vessel Survey Testing  
**Port:** Hobart  
**References:** Spirit of Tasmania IV – Marine Evacuation System Tests  
**Duration:** 29<sup>th</sup> August 2025 until future notice

### Details:

**Spirit of Tasmania IV** will be undertaking required Survey Works and testing of onboard safety systems which will involve the operation of the vessels Marine Evacuation System.

To ensure the safe conduct of the tests and provide the safest conditions possible for those involved, Mariners are advised to keep well clear of the vessels Port Side at slow speed and follow any direct instructions from TasPorts Vessel Traffic Services or any vessels involved in the testing exercises.

Vessels and watercraft not directly involved in the testing exercises are not to interfere with the safe movement of vessels involved.

Any further details around specific timings can be obtained through Spirit of Tasmania Media Enquiries.

### In event of any emergency, initial contacts are:

TasPorts Marine Emergency    Vessel Traffic Service - VHF channel 16/ 14.

*“Electronically authorized”*

Captain A. Michael Wall
